Note: You can view approximately 150 missed or all calls.

Mobility

Single Number Reach
- To set up, see Managing Your Phone from the web section on page 5.

Enabling Mobility
To turn on or off Mobility from your desktop phone:
- Press Mobility button or softkey to display current remote status.
- Highlight Enable Mobile Connect option, then press Select softkey to change status.

Note: To disable Move to Mobile, follow step 1 above, then select Disable Mobile Connect and press Select softkey.
- Press the Exit softkey.

Send Call to Mobile Device
To transfer an active phone call from your desk phone to your mobile phone:
- While on an active call at your desk phone, press the Mobility softkey.
- Select Send Call to Mobile, then press Select softkey.
- After a few seconds your mobile phone will ring. Answer the call.
- You may be prompted to press any digit to accept the call.
- The transferred call should now be active on your mobile phone.
- To end the call, simply hang up the call on your mobile phone. This will place the call on hold at your desk phone. Press the line button, of the held call, to resume the call at your desk phone. If you do not resume the call at your desk phone, the call will automatically end after 5 seconds.

Send Mobile Call back to Desk Phone
To transfer a mobile connect call from your mobile phone back to your desk phone:

Note: This option is only available for calls that were previously transferred to a mobile phone using Send to Mobile.
- Verify the line on your phone is illuminated red, indicating that you currently have a call transferred using Send to Mobile.
- End the call on your mobile device. The system will automatically put the call on hold at your desk phone.
- Press the line key associated with the call that is on hold.

Note: Typically a line will flash red if it has a call on hold.
- The call should now be active on your desk phone.
Note: If you do not answer the call on hold within 5 seconds the call will end.

Voicemail

Setting up Voicemail
- Press the Messages button.
- Enter your default PIN 147369#
- Record your Name.
- Record your Greeting.
- Change your Temporary PIN.
- Confirm your PIN.

Managing your phone From the Web
To manage features such as speed dials (phone buttons), abbreviated dials (softkeys), Phone Contacts:
- Go to: https://phone.wcsu.edu/ucmuser
- Press continue to this website
- Username: Active Directory ID
- Password: Active Directory Password

Link and Unlink Your Devices
Linking your devices allows you to make a change that is applied to all your phones. Example: if you have three phones and you link your speed dial numbers for the three phones, all three phones share the same speed dial configuration.

To link your devices:
- Click MY Phones.
  - Click to link all devices.

To unlink your devices and manage them individually:
- Click MY Phones.
  - Click to unlink your phones.

Speed Dial Configuration

Note: Make sure your devices are linked or unlinked before starting.

To create additional speed dials:
- Click Phones tab.
- Click Phone Settings.
- Click Speed Dial Numbers.
- Do the following:
  1. Click Add New Speed Dial.
2. Enter in the number as though you were dialing it.
3. Enter in Label.
4. Assign speed dial number (1-199).
5. Click Save.

Call Forwarding
Note: Make sure your devices are linked or unlinked before starting.
- Click Phones tab.
- In the left navigation pane, click Call Forwarding.
- Click the drop down arrow for the phone number you want to setup forwarding.
- Check the Forward all calls to: check box.
- From the drop-down list, enter the phone number you want to forward all calls to.
- Click Save.
To turn forwarding off:
- Uncheck the Forward all calls to box.
- Click Save.

Do Not Disturb
Note: Make sure your devices are linked or unlinked before starting.
- Click the IM & Availability tab.
- Check the “turn on” box under the Do Not Disturb section.
- Uncheck the box to turn DND off.

Phone Contacts
Note: Make sure your devices are linked or unlinked before starting.
- Click Phones tab across the top of the page.
- Click Phone Settings tab.
- Click Create New Contact. The Add New Phone Contact window appears.
- Complete the fields with the contact information for the contact.
- Click OK.

Ring Settings
Note: Make sure your devices are linked or unlinked before starting.
Customize your shared line ringtones.
- Click Phones tab across the top of the page.
- Click My Phones.
- Under Company Phones there are two phones. Look for the one that has your correct number. Example: +13133273133.
- Click the Application icon
- Click Settings from the drop down.
- Select Ring Settings.
- Select the phone number and customize When I’m on a call and When I’m not on a call from the drop down arrow.
- Click Save.

Voicemail Notification Settings
Customize your voicemail notification.
- Click Phones tab across the top of the page.
- Click Phone Settings tab.
- Select Voicemail Notification Settings.
- Select the phone number and customize if you want message light on, display screen prompt or play stutter tone when on a call.
- Click Save.

Single Number Reach
SNR allows you to provide an additional number where you can be reached if you are not at your desk.
Set up an Additional Phone:
- Click the Phones tab.
- In the left navigation, click My Phones.
- Under My Additional Phones, click the Add New icon. The Add a New Phone window displays.
- Enter the phone number and description for your phones.
- Optional. If this phone is a mobile phone, check the Enable Move to Mobile check box.
- Click Save.

Managing your Voicemail from your Computer
Web Inbox-Visual voicemail through your computer
- Go to: https://voicemail.wcsu.edu/ciscopca
- A security page will appear, press Continue to this website.
- User Name: Active Directory ID
- Password: Active Directory Password
- Select Web Inbox.
To view and listen to voicemail:
- New unheard messages are bolded. Old messages are not bolded.
Place your mouse over the message and click the play button to hear the message.

To log off Web Inbox:
- Click the **Sign Out** link in the upper-right corner.

**Messaging Assistant-Change your VM PIN**
- Click on **Messaging Assistant** after logging in.

To change your VM PIN:
- Click **Passwords** drop down.
- Select **Change PIN**.
- Enter new voicemail PIN and enter it again to confirm using digits 0-9.
- Select **Save**.

To log off Messaging Assistant:
- Click the **Sign Out** link in the upper-right corner.
